Task: To find information on the achievement gap between Native American Children and their Non-native peers in regards to receptive (hearing) language and interventions to use in early childhood classrooms for these children.

Library Subject Headings:
- Indian children--Education.
- Children with disabilities --Education.
- Language arts
- Education, Preschool --Curricula --Planning.
- Child development.
- Children --Language --Testing.
- English language--Study and teaching (Preschool)--United States.
- Indian children--Cultural assimilation--United States.
- Indian children--Books and reading

Useful Search Terms:
- "Receptive Language"
- "Peabody Picture Vocabulary Test"
- "Vocabulary Interventions"
- "Early Childhood Vocabulary"
- “Native American Language Skills”
- “Native American Achievement Gap”
- “Native American Education History”
- If you are not getting the results you are looking for with the term "Native American" try "Indian" or “American Indian”. The later will rule out resources referring to people from India.
