Northeast Region of United States

Flipbook and 3-Way Assessment

Amy's SMART Designs
Teacher Notes

Print the flipbook back to back. The map in the center of the flipbook can be used for helping students master the state locations. They could also color and label the states.

The three-way assessment allows opportunity to differentiate in the classroom or allows you to choose the type of assessment preferred—just state locations, state and capital cities for memory, or state and capital cities with a key word list.

I hope you find these activities useful in your classroom!

Amy
Can you find each northeastern state?

Connecticut
Massachusetts
Delaware
New York
Maine
Rhode Island

Maryland
New Jersey
New Hampshire
Pennsylvania
Vermont
Northeastern States Flipbook

Name: ____________________________________

Directions: Fold paper in half. Fold each end toward center to reveal the eleven state names. Cut on each dotted line to make twelve flaps. Write the name of each state capital inside the flap. Use the blank map on the inside to help practice state locations.
